No "pitch" necessary. That's what it is.

Last time I saw anyone on site it was TruGreen, a City contractor. So it seems clear that this work is not on the regular maintenance schedule for any City employees. That's why work only happens when someone from the community makes a "complaint" call. I know that the BID contractor is much less expensive. So what you will have done is to transition to less expensive contract services.

Nate, I believe that a contract for such a minor amount, about \$12,000 per year, would not require Council action in any case.

More or less, how we can pitch this to the full City Council without taking away scarce city resources and taking away work from city employees?

Nice seeing you today!

Same with me Nate. You pick. I would only ask that we meet between 10:30 AM and 2:00 PM as that really helps with traffic.

BTW, I did NOT receive your e-mail. Please change the e-mail address you have for me to: duckworth.donald@gmail.com

Thank you.
